## KING IN BARCELONA

**Spanish Ruler Given Warm Welcome By the Citizens.**

### NO UNDUE DEMONSTRATIONS

Firing of Salutes by the Austrian and Spanish Warships in Harbor Marked His Majesty's Arrival—Barcelona Is Gaily Decorated.

Barcelona, Spain, March 11.—King Alfonso, who left Madrid Monday night, arrived in this city Tuesday morning. He has taken up his residence at the home of General Linars, captain general of Catalonia, where he will stay during his visit here. He was given a warm welcome by the people of the city. No disturbances of any kind marked the arrival of his majesty.

### King Warmly Greeted.

The royal train drew into the station at 9 o'clock and its arrival was announced by the firing of salutes from the Austrian and Spanish warships in the harbor. The big square outside the railroad station was lined with troops and the civil guard, who had difficulty in keeping back the surging crowds. As the king emerged from the station, accompanied by General Linars and the members of his personal suite in brilliant uniforms, he was warmly greeted. Smiling his acknowledgments to the plaudits of the people, the king entered the royal carriage in waiting, and, escorted by a squadron of cavalry, he was driven rapidly to the church of LaMerced, where a te deum was celebrated. After the service the king repaired to the residence of the captain general, which adjoins the church.

Beauties of Spain in Evidence. Barcelona was gaily decorated in honor of the royal visitor.

The tiers of balconies along the route traversed by his majesty were hung with bunting and flags and were thronged with women wearing the black mantillas for which the beauties of Spain are famous. There were flowers in profusion and the scene was festive and beautiful. The king bowed right and left in response to the greetings of his people, and some of his black-eyed Spanish women were with difficulty restrained from disobeying the strict injunctions of the police against showering the young monarch with flowers.

An imposing array of civil guards and police lined the streets through which his majesty was conducted.

### Says Kings Run No Risk.

Orleans, France, March 11.—M. Leroux, chief of the Barcelona republicans, declared that King Alfonso did not run the slightest risk in visiting Barcelona. M. Leroux is the Spaniard who was condemned to two years' imprisonment for publishing articles in favor of Jose Nakens, the editor of El Motin, who hid Morales, the anarchist who threw a bomb at King Alfonso in Madrid on his wedding day in 1906. He said:

"The king is as safe in Barcelona as behind the walls of the Alcazar at Madrid. The popular hatred is against Premier Maura, who is trying to stamp out the democratic movement by pitting the republicans against the Carlists and Separatists. Maura is the man really responsible for the terrorism at Barcelona."

### Theatrical People Arrested.

New York, March 11.—At the close of the performance of "A Millionaire's Revenge" at the Columbia theater here Monday night, the police arrested G. W. Jacobs, the manager of the theater; John T. Pearsall, manager of the Mittenhal Bros. Amusement company; Harold Vosburgh, Gay Rhen and Louis C. Miller, members of the company. They were charged with producing an immoral play, which was founded on the Thaw tragedy.

### Delegates Arriving.

Oklahoma City, Okla., March 11.—Delegates for the state republican convention which meets Wednesday to select four delegates to the National Republican convention at Chicago arrived in numbers Tuesday.

## ANARCHIST DEPORTED.

Authorities Order Man Sent Back to Russia.

New York, March 11.—The recent activity of the immigration authorities, consequent upon the murder of Father Leo, in Denver, and the attempt on the life of Police Chief Shipley, of Chicago, is bearing fruit. Monday the special board of inquiry at Ellis Island ordered that Abraham Boscheck, twenty-four years old, an immigrant from St. Petersburg, be deported. Boscheck, while under examination, admitted belief in anarchistic theories, and an order was at once issued that he be sent back to Europe.

Lieutenant Joseph P. Petrosini, head of the Italian branch of the police detective bureau, called at Ellis Island for information as to the previous history of a dozen immigrants who are suspected of anarchistic tendencies. He furnished the names of the suspects to Immigration Commissioner Wachorn, saying the men came into the country within the last seven years. The records were searched and such information as could be found was given the New York detective. The latter refused to divulge the names of the men he was after or their present whereabouts.

## TROUBLES ON SHIPBOARD.

Norwegian Steamer Reports Several Casualties on Her Late Trip.

Mobile, Ala., March 11.—The Norwegian steamer Fort Gaines arrived Monday from Bocas del Toro with a cargo of bananas, and brought the news of the death of one of the crew, and serious injury to another while at Bocas del Toro.

William McGuire, a fireman, went to sleep on one of the batches of the Fort Gaines, falling off the steamer, breaking his neck. He was buried at that port March 1. On the same day Levert Lohne, another fireman, went crazy and made for the cook, Olaf Olsen, at work in the galley. The cook jumped down the hatch and broke his ankle. He was brought to Mobile and taken to the Marine hospital. Lohne is confined in jail at Bocas, being arrested by the Vigilantes there.

## THURMAN TO DIE MARCH 13.

He Will Be the Last To Be Hanged in Virginia.

Norfolk, Va., March 11.—The supreme court of appeals of Virginia has denied a petition for a writ of error in the case of Leo C. Thurman, formerly of West Point, N. Y., under sentence of death here for the murder, in 1906, of Walter H. Doisen, of Michigan. Thurman must be hanged Friday, March 13, Governor Swanson having refused executive clemency.

Thurman will be the last man to be hanged in Virginia, the legislature having provided for the electrocution of criminals in the future.

## Route of Subway Changed.

New York, March 11.—To avoid tunneling under Grace church, which stands in Broadway near Tenth street, the committee of the board of estimate which was directed to pass upon the plans for the new Broadway-Lexington avenue subway, Monday decided to change the route at this point, making the subway pass under the Wanamaker building, just below the church, instead. The Rev. Dr. Huntington, rector of Grace church, objected to having the tunnel run under the church on the ground that not only might it weaken the foundations but that the vibrations of the trains might interfere with the services.

## Four Hundred Children Fled.

Lees Summit, Mo., March 11.—Four hundred children in the public school here Monday rushed out in disorder when a fire alarm was sounded. Attempts were made to use the fire drill, but a call of "fire!" from outside of the building caused the children to make for the nearest exit. No one was injured. The fire was quickly extinguished.

## Funeral of Congressman Meyer.

New Orleans, La., March 11.—The funeral of Congressman Adolph Meyer, who died Sunday, was held here Monday. Interment was in Marietta cemetery.

## NIGHT RIDER RAID

**Masked Men Terrorize a Town in Kentucky.**

### SIX NEGROES WERE SHOT

Riders Said To Have Taken Possession of the Town and a Regular Fuel-lade of Shots Was Fired—Warned Many Negroes to Leave the Place.

Paducah, Ky., March 11.—One hundred masked night riders rode into the town of Birmingham, Marshall county, late Monday night, shot six negroes, one of them, it is believed fatally, and whipped five others.

The riders took possession of the town and shot into every negro cabin in the place.

In one of these cabins John Scruggs, his wife and three children and a grand daughter were struck by bullets.

Scruggs is probably fatally shot.

The night riders then took five other negroes to the banks of the Tennessee river where they whipped them.

After warning about twenty-five other negroes to leave the place, the masked men rode away.

The raid followed a warning of two weeks ago to all negroes to leave Birmingham.

## FOUND DYING IN ROAD.

Believed Bennet Was Attacked by the Night Riders.

Nashville, Tenn., March 11.—A dispatch to the Banner from Clarksville, Tenn., says:

Near Woodford, about 15 miles from this city, Tuesday morning, Brown Bennett, a young man, the son of an associate tobacco prizer, was found in the public road in a dying condition, with a bullet hole through his head. Near Bennett were two dead horses and three empty shotguns.

It is believed the young man had been attacked by night riders.

There is great mystery surrounding the affair, and an investigation is being made.

## NIGHT RIDER RAID.

Visit Brookville, Ky.—Destroy 15,000 Pounds of Tobacco.

Brookville, Ky., March 11.—Fifty or more night riders came into town early Tuesday in buggies and on horseback and before they left 15,000 pounds of tobacco belonging to Robert Stanton, one of the wealthiest planters in this section, had been burned. The men were heavily armed with guns and revolvers. A number of the men went to the local exchange of the Bracken county telephone company and kept guard over the operator, Miss Holton, so that no word could be sent for assistance.

The men wore no masks, but are not known here.

## Trial of Alleged Defaulter.

Tallahassee, Fla., March 11.—The case of George C. Scudamore, defaulting cashier of the People's Bank and Trust company, of Pensacola, Fla., will be heard in the supreme court of Florida, March 11. Scudamore was adjudged insane by a committee appointed to test his mental condition, and was ordered sent to the Florida insane asylum. Scudamore's attorneys sued out a writ of habeas corpus and will test the Florida insane law at the hearing in the supreme court on Wednesday next.

## Famous Jockey Dead.

Dallas, Tex., March 11.—Charles Jackson Vanstetter, the once famous jockey, died Saturday morning. For many years he had been a jockey and in his time had ridden many famous mounts. His last riding was in Germany, where he rode for Dr. Weinberg, for Holsteina and on several occasions for the Kaiser. He was winner in several famous races.

## Will Return to Work.

Quincy, Mass., March 11.—The striking granite polishers who have been out since March 1, will return to work Wednesday. The terms of the settlement were not given out.

## IMPORTANT MEETING.

Held at Washington Under Auspices of National Mothers' Congress.

Washington, March 11.—Delegates representing every state and territory in the union and the leading countries of the world, assembled here Tuesday to attend the international congress on the welfare of the child, under the auspices of the national mothers' congress. It is estimated that upwards of two hundred delegates are here in addition to four or five hundred visitors.

The congress will be in session for one week, and promises to be one of the most notable of its kind ever held. At least a dozen nations are represented in the assembly, among them being Great Britain, Germany, Holland, Japan, Greece, France, Switzerland, South Africa and other countries.

An interesting program has been prepared and prominent men and women from this country and abroad are scheduled to speak on questions bearing upon the care and culture of children.

The feature of the opening day was the reception and address to the delegates by President Roosevelt at the White House which marked the formal opening of the congress.

## WRECK ON GEORGIA SOUTHERN.

Two Trains Collide Near Vienna, Ga. Four Persons Injured.

Macon, Ga., March 11.—Trains Nos. 3 and 4 on the Georgia Southern and Florida railway collided on a siding at Vienna Monday morning, and badly smashed up the engines and three cars, injuring Mail Clerks Bush and Griffin, of Macon, and Mail Wagoner George May, and a negro passenger on one of the trains.

The crash was made less serious in the quick work of Engineer Richards, on the southbound train, who saw the impending danger in time to greatly decrease the speed of his train before the two trains struck.

The line was tied up for only a short time, and schedules were soon resumed on the road.

## SERIOUS FIRE THREATENED.

Big Department Stores in New York Were Endangered.

New York, March 11.—Fire early Tuesday practically destroyed a building at 41 West Seventeenth street, which ran through to 3 West Eighteenth street, near Sixth avenue, in the heart of the shopping district.

Adjoining buildings were somewhat damaged and for a time it looked as if the fire might reach some of the big department stores on Sixth avenue. None of them suffered, however, except for the breaking of windows, cracked by the heat of the fire. The loss is estimated at from \$50,000 to \$125,000.

## To Test Closing Law.

Montgomery, Ala., March 11.—John Yung, proprietor of one of the oldest eating houses in saloons in the south, goes to trial on a charge of violating the 9 o'clock closing law. Out of his case will grow a test of the law. He has been cutting off the saloon part from the restaurant after 9, running the latter as late as he desired. The grand jury, under a ruling by the court, held this to be a violation of the law. Yung contends that this would close every hotel in the state that has a saloon in the same building, and he is going to fight the case to the highest courts in order to find what is the law.

## Alms House Building Burned.

San Francisco, March 11.—One of the buildings of the city and county almshouse was burned Tuesday morning. In it when the fire broke out were two hundred persons, mostly patients recently removed from the city and county hospital. So far as known all were removed in safety though five are reported to have been injured. The almshouse is located near the lake Mendocino reservoir of the Spring Valley Water company.

## Anarchist Demanded Cash.

Omaha, Neb., March 11.—An unknown anarchist Tuesday entered the Merchants National bank and demanded a large sum of money. He was placed under arrest.

## MUTINOUS CONVICTS

**Seven Hundred Made Desperate Rush For Liberty.**

### HAD FIGHT WITH THE GUARD

At the State Reformatory at Pontiac, Ill., Proof of Well Planned Plot to Overrun Guards Was Discovered. Many Injured in Fight.

Chicago, March 11.—A dispatch to the Tribune from Pontiac, Ill., says: A desperate rush of 700 mutinous convicts for the wall which stands between them and liberty, took place at the state reformatory Monday.

The guards put up a stubborn fight and the ringleaders, all Chicago criminals, were herded into the top gallery. There, on a narrow platform forty feet from the main floor, they fought until finally quelled.

Half a dozen guards and as many prisoners were injured in the fight.

Proof of a well-planned plot to overrun the guards and gain their liberty was discovered by the institution's officials.

An effort will be made to seek out the other ringleaders, and prevent any further plans from materializing.

## TATSU MARU AFFAIR.

Center of Interest in Same Removed to London.

Tokio, March 11.—According to a well authenticated report, the center of interest in the Tatsu Maru affair has been removed to London.

When the British government was informed of Japan's announcement, that in event of a refusal by China to entertain her demands, Japan proposed to take "independent" action, the British foreign office at Count Komura, the Japanese ambassador in London, what steps Japan proposed to take, calling his attention to the clause in the treaty with Great Britain covering the question of war between Japan and other nations, Great Britain's interest therein being understood. Komura being unable to give a definite answer, asked the foreign office in Tokio for information, which found the attitude of the British government an unexpected phase in the situation.

It is stated here that the British government is arguing arbitration of the question of the restoration of the arms seized and has pointed out the advisability of Japan admitting the moral side of the question while doubtless technically correct.

This new turn of events has created a deadlock here and the foreign office is now awaiting advice from Ambassador Komura.

## ASK FOR THEIR ARREST.

Several Custodians of Chicago Public Schools May Be Prosecuted.

Chicago, March 11.—The arrest and prosecution of one principal and the janitors and engineers of seven public and private schools was demanded on Monday by Acting Building Commissioner Robert Wright, in a letter to George H. White, city prosecutor.

This demand followed a conference held by Commissioner Knight, Architect Dwight H. Perkins, of the board of education, and Fire Marshal Hanna, at which reports as to the fire protection of Chicago schools made by 139 fire captains and thirty building inspectors were reviewed.

The arrests asked for are those of custodians of school buildings whose doors have been found locked when pupils were in their class and study rooms.

## Actual Revolution Daughter.

New York, March 11.—Mrs. Rhena Miller, said to be the only actual daughter of the revolution in this state, died Monday at the home of her daughter in Mount Vernon. She was born at Stamford, Conn., on April 12, 1807, and her father was Colonel Seth Webb, who served as Lieutenant of coast guards under Captain Reuben Ford. The children, grandchildren, great grandchildren and great-great grandchildren of Mrs. Miller number...

NEWS OF CITY AND  
COUNTY CONDENSED

Mr. and Mrs. F. T. McCook of Waycross, Ga., and K. F. McCook of Jacksonville, have arrived in the city. They were summoned here on account of the serious illness of the Messrs. McCook's sister, Mrs. C. F. Goodman. It is hoped the patient will soon be better.

The G. W. Hyde Company has a change of advertisement in this issue, in which they state that men's fine tailored suits can be ordered through that firm on Saturday, March 14, and Monday, March 16. This firm has secured the exclusive agency for the celebrated fine suits of Work Bros., Chicago.

Zack McKinney of LaCrosse, one of the most successful farmers of the northern portion of the county, was in the city yesterday and renewed his subscription to The Sun. He says he could not get along without The Sun, and every man interested in the welfare of the county should be a subscriber thereto.

Among the prominent Floridians passing through the city Tuesday en route to St. Petersburg to attend the Grand Lodge, Knights of Pythias, was Hon. W. C. West, for several terms recorder of Jacksonville, and one of the most widely-known Pythians in the State. Mr. West has many friends in this section, several of whom had the pleasure of seeing him the few moments he was here.

Walter G. Sharit and Miss Vast Nedley of Apalachicola passed through the city yesterday en route to St. Petersburg, where they go to attend the Grand Lodge, Knights of Pythias, representing the Knights and the Pythian Sisters, respectively. Mr. Sharit has been in the newspaper business for more than twenty years, and is one of the valued employees of Editor H. W. Johnston, of The Apalachicola Times.

Mr. and Mrs. Daniel Graves of Nebraska, who have recently completed a neat cottage at 308 West Court street, are now moving into the same from their former cottage in North Gainesville. They are very popular in that section of the city, and their numerous friends regret very much to lose them. Mr. and Mrs. Graves only make their home in Gainesville from three to four months in the year, but they would be gladly welcomed as permanent citizens.

W. J. Williams of Trenton was in the city yesterday on business. While here he paid The Sun an appreciated visit, renewing his subscription to The Sun, also the subscription of two other citizens of his town. Mr. Williams states that Trenton is still building, and that the old town is destined to become the metropolis of the West End. Among the buildings now being erected at Trenton is the handsome residence of Dr. O. S. Clyatt, which will be one of the most modern in that section when completed.

W. T. Barteo of New Orleans, the gentlemanly and efficient inspector of the Mergenthaler Linotype Company, was in the city yesterday on the special mission of inspecting the latest model of machine manufactured by this company, now in use in The Sun office. He volunteered the endorsement that the machine now in use in this office was in as good order as any machine to be found in any office in the United States, and complimented the management upon having such an efficient machinist-operator as The Sun has in the person of Mr. John Shea. Mr. Barteo is a pleasant gentleman and The Sun was pleased to receive a visit from him.

## An Intelligent Canine.

"Brock," the pedigree pointer belonging to Judge J. A. Carlisle, is probably the most competent judge of a "good thing" of any member of the canine family in Gainesville.

Judge Carlisle informs the reporter that it is the habit of "Brock" to bring him The Sun promptly every morning upon its delivery at his home. Sunday morning, however, the faithful dog failed to deliver his favorite newspaper with the usual promptness, and upon investigation he observed a number of circulars scattered through the front yard. The Judge thereupon ordered "Brock" to bring him THE paper, and in compliance with orders, after thorough inspection, the dog brought him The Sun. That's the best evidence that even a good dog knows a good thing.

It has been the general complaint of subscribers that their dogs usually destroy the papers early in the morning, but it is different in this case—and in "Brock" the Judge has a prize.

## FUNERAL OF DR. PEPPER.

Large Number of Friends Gathered to  
Pay Last Sad Respects.

The funeral of Rev. E. I. D. Pepper, the death of whom occurred Monday afternoon, was held from the First Methodist church Tuesday afternoon at 3 o'clock, and the presence of a large concourse of sorrowing friends went as an indication of the love and esteem in which deceased was held in this community.

The floral decorations were numerous and fragrant, as well as beautiful, and the handsome casket was lit, orally covered.

Rev. T. J. Nixon, the pastor, conducted the services, and in a most impressive manner eulogized the life and character of the deceased, a man who was loved by all for his good and charitable deeds.

A large number of friends followed the remains to their last resting-place in Evergreen cemetery, where the interment was held. Around the grave was evident a scene of deep sorrow, as the last sad rites were administered to the memory of this noble Christian man.

## Dr. Pepper as a Man.

A good man is the noblest work of God. It can be truly said of Dr. Pepper, as it was written of Barnabas, that "He was a good man, and full of the Holy Ghost and of faith." This goodness was the fruit of the indwelling Spirit of Jesus Christ, the only Savior of men.

Seventy-six years ago, in a Quaker home in the city of Philadelphia, the subject of this sketch was born. In early life he was soundly converted, and united with the Methodist Church. At nineteen years of age he began to preach the gospel, and for fifty-eight years it has been the joy of his life to preach Jesus Christ to his fellow-men. The first work as a preacher was in the slums of his native city. There, among the lowly and the outcast, he led many to a better life. He joined the Philadelphia Conference of the Methodist Episcopal Church, and for thirty-one years labored as a pastor in that conference. Twenty of these years he spent serving various charges in the city of Philadelphia. His work as a pastor was very successful. The churches he served were blessed with gracious revivals of religion, and hundreds of people were converted and added to the church. It was no uncommon thing for more than a hundred people to be converted in one of his revival meetings.

Although never a strong man physically, yet Dr. Pepper was untiring in his labors as a preacher. He often conducted revival meetings for eight

and ten weeks at a time, doing most of the preaching himself.

After thirty-one years of successful work in the pastorate, Dr. Pepper was appointed editor of The Christian Standard, a religious journal published for years in Philadelphia, and four years ago removed to Gainesville. For twenty-four years consecutively he has edited the paper with marked ability, and through its columns his influence for good has been felt in every section of this broad land. While he was editor he gave much of his time to evangelistic work, traveling far and near, and preaching at camp-meetings and in churches with great acceptability and success. Some of the most useful preachers in our country today were converted under the ministry of this man of God. Among these we mention Rev. J. H. Smith of Meridian, Miss., and Rev. E. L. Hyde of Philadelphia, both of them noted for usefulness in winning souls to Christ. Rev. Chas. M. Boswell, one of the Church Extension Secretaries of the M. E. Church, was led into the ministry through his wise and godly counsel.

Dr. Pepper has written several religious books that have attained a wide reputation. One of these, "The Holiness Text Book," has reached a circulation of more than thirty thousand copies. For many years he has been a leading teacher of the Bible doctrine of entire sanctification. He not only preached the doctrine but he lived it daily. By a spirit of prayer, by his pure life at home, by his love for the church, by his patience and gentleness, he exemplified the reality of the Spirit-filled life.

Dr. Pepper was married Feb. 5, 1862, to Miss Margaret Schultz of Philadelphia. For forty-six years they have lived together in perfect love and peace. Eight children came to bless their home, four of whom died in childhood, and the other four, two sons and two daughters, are left with their devoted mother to mourn their loss in the departure of the faithful husband and father. A long life of singular devotion to God and humanity has closed in peace.

"Servant of God well done,  
Rest from thy loved employ.  
The battle fought, the victory won,  
Enter thy Master's joy."

**A BRILLIANT CHURCH WEDDING.**

Mr. James Dougherty and Miss Ida Redding Happily United.

A most beautiful and impressive wedding was celebrated Wednesday at high noon in the Methodist Episcopal church in the presence of a large number of relatives and friends from this and other cities, the bride being Miss Ida S. Redding, daughter of Mr. T. J. Redding, and the bridegroom, Mr. James W. Dougherty of Jacksonville. The church was artistically decorated with palms, ferns, trailing vines and potted plants. At the terminus of each aisle was a gate surmounted by an arch, the effectiveness of these archways being enhanced by the use of quantities of bamboo. The chancel rail was also covered with bamboo and the pews for the relatives were marked off by white satin ribbons.

The guests were escorted to the pews by the ushers, Messrs. Arthur Albertson and Clifford Haughton, of Jacksonville, Mr. Edward Belote of Pensacola, and Messrs. Sandy Graham, Jim Shands and Addison Pound of this city, college mates and fraternity brothers of the groom. Miss Myrtle Fennell, organist of the church, played a varied program of bridal airs, as the guests assembled.

Promptly at 12 o'clock, to the strains of Lohengrin's Wedding March, the wedding procession entered. The ushers passed down the aisle, opening the gates for the rest of the party and taking places on either side of the chancel. Then came little Miss Catherine Halle and Master Harry Merchant, flower-bearers. Little Miss Halle was attired in a delicate blue crepe de chine accordeon-plaited dress which was entirely becoming, while Master Merchant wore a white sailor suit, trimmed in blue anchors.

Then the bridesmaids, Miss Louise Walker of Albany, Ga., Miss Caro Liddon of Ocala, and Miss Blanche Prescott of Dublin, Ga., entered from the left wing of the church, and met the groomsmen, Mr. Tommy Thompson of Benifay, Mr. Frank Weller of Palatka, and Mr. Roy Corbett of Jacksonville, in front of the altar, and passed down the right aisle toward the rear of the church, the groomsmen crossing over and taking the left aisle to the rear of the church, and coming down opposite aisles, through the gates and up into the chancel on either side.

Then came the maid-of-honor, Miss Irene McCreary, of this city, and the bride. At the chancel they were met by the bridegroom and his best man, Mr. Basil Stockbridge, of Jacksonville, and the minister, Dr. Carl W. Minor, of Moultrie, Ga., who most impressively pronounced the ring ceremony, as

Dissolve the JELL-O in a pint of boiling water. When cool and just commencing to thicken stir in the figs and nuts. Serve with Whipped Cream. Delicious! The walnuts, figs and JELL-O can be bought at any good grocery. This makes enough dessert for a large family and is very economical.

the organist played softly, "O Promise Me."

The bride wore a handsome tailored suit of Copenhagen blue cloth. The maid-of-honor wore an exquisite gown of dainty pink crepe de chine over taffeta, trimmed in Irish point. She wore a most becoming black picture hat and carried a shower bouquet of white carnations and asparagus ferns.

The bridesmaids were becomingly attired in dainty frocks of blue crepe de chine over taffeta. These effective gowns were completed by black picture hats and shower bouquets of pink carnations.

Immediately after the ceremony Mr. and Mrs. Dougherty left for an extended trip along the East Coast and will be at home in Jacksonville on their return.

The bride is one of Gainesville's most attractive young ladies and has won for herself an enviable place and a vast number of friends during her residence here. The bridegroom is the son of Mr. and Mrs. B. Dougherty of Jacksonville. He is a member of the Kappa Alpha fraternity at the University of Florida, where he was a student. He is a member of the firm of Dougherty & Dougherty, contractors, Jacksonville.

Among the out-of-town guests at the wedding were: Mr. and Mrs. B. Dougherty, Jacksonville; Dr. Carl W. Minor, Moultrie, Ga.; Mr. and Mrs. J. W. Redding and Miss Mayme Redding, Greenville; Miss Blanche Prescott, Dublin, Ga.; Mrs. S. Walker, and Miss Louise Walker, Albany, Ga.; Miss Caro Liddon, Ocala; Dr. and Mrs. R. L. **A UNIVERSITY FUNCTION.**

Faculty and Students Will Hold Open House on March 20.

The faculty and students of the University of the State of Florida will hold "open house" on the evening of March 20, from 7:30 to 10:30 o'clock, and will be glad to have the people of Gainesville come out and visit them. Conveyances will be provided to take all to the University. These will start from the square.

At the University all the halls, lecture-rooms and dormitories will be open to inspection. Every professor will be in his lecture-room ready to explain the workings of his department, and to exhibit his apparatus.

The professors of the Experiment Station will also be on hand to tell of their work. Conveyances will be ready to take visitors to the greenhouse. This will be brilliantly illuminated for the occasion, and will doubtless be very pretty, especially if the orchids are still in bloom.

The swimming-pool, which has recently been put in good shape for the warm months, will also be illuminated.

In the workshops samples of the work of the students will be on exhibition and souvenirs made by the students will be given to the ladies.

The grounds will be brightly illuminated. In the chapel the University brass band, the glee club and the orchestra will probably make their first appearance.

Light refreshments will be served. The dormitories will be open with cadet officers on each floor to serve as guards. The students will be in their rooms and will be delighted to have their friends call.

**DELIGHTFUL BRIDAL RECEPTION.**

Mrs. W. C. Jackson Entertained in Honor of Bridal Party Tuesday.

Mrs. W. C. Jackson gave a buffet luncheon or supper at her comfortable home, 508 S. University street, in honor of the bridal party for Mr. James Dougherty and Miss Ida Redding, the happy marriage of whom occurred at high noon Wednesday.

This was one of the most enjoyable, as well as most delightful affairs given in this city for some time.

In the dining-room the beautiful scheme of pink and blue was carried out, the center-piece, a cut-glass vase, being filled with carnations on a reflector, surrounded by four candelabras with pink caudles, shaded with pink. This scheme was further employed with blue and pink ices.

The luncheon table was presided over by Mrs. Dr. R. L. May of Jacksonville, and Mrs. Frankie Dell of this city, with grace.

After partaking of the luncheon, the party repaired to the sitting-room, where the cutting of the bridal cake caused much amusement. Many handsome and expensive wedding presents were also displayed in this room, all of which were admired by the guests.

Delicious fruit punch was served. Miss Mayme Redding, sister of the bride, served at the punch bowl.

Among the out-of-town guests were Mr. and Mrs. B. Dougherty, parents of the groom, Jacksonville; Messrs. Basil Stockbridge and Roy Corbett, Jacksonville, and Mr. Frank Weller, Palatka, groomsmen; Mr. and Mrs. Redding, Greenville, brother and sister of the bride; Misses Caro Liddon, Ocala, and Blanche Prescott, Dublin, Ga., bridesmaids; Rev. Dr. Minor, Moultrie, Ga., the officiating clergyman; Mr. John F. Jackson, Bronson.

Osceola county remains in the dry column by 45 majority. The prohibitionists are jubilant over their victory.

Maxim has invented the noiseless gun. Now if someone would tell us how to quiet the noisy Republican spellbinder, our joy would be full.

A Georgia Journal says "Col. John Temple Graves has beat it to the land of milk and honey." What probably was meant was the land of mint and money.

Life's changing interests and transient enthusiasm relegate many things to the limbo of disuse. Then it is time for a classified ad. to "take them to market."

It is reported that a ship has just arrived at Boston carrying 20,000 bushels of beans. Beans to Boston makes a variety in the metaphorical alliteration of "coals to Newcastle."

Another scandal in the Government Printing Office and charges made that Congress is being influenced by lobbyists, and yet many people will support the Republican party instead of punishing it.

Perhaps a good stenographer would do as much toward booming your business as a poor one will toward bungling it. The "courage to make the change"—and a want ad.—are all that you need.

King Leopold continues to give evidence that he is a good business man as well as something of a gay old sport. In letting go his grip on the Congo he provides big incomes for two members of his family.

The Taft boomers have him already nominated on the first ballot, but as only a few delegates have so far been elected they may be mistaken, but why discourage this White House figuring based on beautiful hope.

"By the work one knows the workman," as by the ad. one knows the advertiser—whether it be a big ad. of a big store, a half-big-enough ad. of a half-enterprising-enough store, or a not-much-of-an-ad. of a not-much-of-a store.

Sheriff Robert Jackson of Hillsborough county, who has been removed from office by Governor Broward, will run for re-election. He claims that he has not been treated fairly, and his friends are indignant at the Governor's action.

The Republicans are determined to do nothing about reforming the tariff that protects the trusts, yet we have that authority, former Governor Douglas of Massachusetts, for saying that the tariff profits of the steel trust alone amounted to \$162,000,000 for the years 1902 and 1903.

The discovery of a \$200 pearl in the neck of a pig at Bayonne, N. J., suggests that there may be millions awaiting the genius who shall develop a pearl-bearing species of hogs. A theory that upsets this happy thought, however, is that it was a case of somebody trying the experiment of "casting pearls before swine."

### PANDORA'S BOX OF EVILS.

Some Republican papers, especially those of the independent kind, are giving their readers information of the sorry pass the Republican party has brought the country to. Thus The New York Sun, with its independent soul much vexed by what Mr. Bryan asserts is mainly due to Mr. Roosevelt flouting "Democratic policies," declares that we are now indebted to President Roosevelt for:  
"Private confidence and credit shattered; decreasing business; empty freight cars and empty pay envelopes; railroad employes and industrial workers laid off by the hundred thousand; disaster made thoroughly Republican; the constitution kicked one side like a broken Teddy bear; the courts insulted; capital persecuted and frightened; suspicion and hatred sown seedily among classes whose prosperity or adversity is inseparably mutual; half veiled, sinister prophecies of riot; the army demoralized by favoritism, the navy embarked upon a mysterious and dangerous adventure; currency reform unachieved, civil service reform made a byword."

The Sun might have added that trusts have been fined but no trust magnate, however guilty, is yet in stripes. Harriman, that malefactor of great wealth, is at large and is said to be again likely to be a delegate to the Republican National Convention. The trusts are still selling abroad cheaper than at home and the margin is larger than ever against the American people. Serious scandals in Congress, to say nothing of frauds and graft being widespread. Such and more is the Pandora box of evils that the people inherit from Republican rule.

### THE WAY TO "ARGUE."

"There is no good in arguing with the inevitable. The only argument available with an east wind is to put on your overcoat."—Lowell.

The awake-merchant knows the only way to argue with "Poor Business" is to turn on more "publicity steam;" that the best possible use of advertising is to take the edge off of "hard times"—or, more strictly speaking, "dull times." And aggressive advertising does you the most good when your business needs it.

As will be seen by his formal announcement in this issue, Judge J. A. Carlisle is a candidate for County Judge. For many years Mr. Carlisle was clerk of the circuit court of this county, during the occupancy of which position, owing to his acknowledged legal ability, he attained the title of Judge. After retiring from this responsible office, he passed a most creditable examination for admission to the bar, since which time he has enjoyed a successful practice. He is undoubtedly well-qualified to fill the position to which he now aspires. Judge Carlisle is one of the most widely-known men in the county, and there is no doubt but that his numerous friends will render him loyal support.

St. Augustine's celebration this year of the landing of Ponce de Leon will eclipse that of last year. It will be worth a visit to the Ancient City to witness this celebration alone, not to mention the many other attractions to be seen in the old town. The event occurs on April 1, 2 and 3.

Congress seems to be inclined to raise the appropriation for an American exhibit at Japan's exposition to \$500,000. The exhibit we are giving for the benefit of Japan in the way of a battleship display is costing us considerably more than that.

Finding a new boarding house is finding new friends and interests—tasks for the "interest-promoters," the want ads.

### MISSIONARY MEETING.

Practically Every Section of the World Represented at Pittsburgh.  
Pittsburg, Pa., March 11.—The first international convention under the auspices of the Young People's Missionary movement opened at 11 o'clock on Tuesday morning in the big music hall of the Pittsburgh exposition. In addition to 1,000 delegates from all parts of the world, there were 2,000 Pittsburghers registered who will participate in the sessions. The convention will close Thursday evening.

Rev. John Willis Baer, of Los Angeles, led the devotional service. Following the opening exercises the Rev. James F. Vance, of Newark, N. J., delivered an address, "The Resurrection Gift."

The present meeting is on a larger scale than ever before attempted. Practically every section of the world is represented by either delegates or missionary workers.

Moving pictures, the films of which are over three miles long, illustrating the work of missionaries and the life and habits of the natives in all the important fields of the world, will be exhibited.

### FIRE ON CASTLE.

Insane Swede Attempted to Kill Haakon, He Told Police.

Christiansburg, March 11.—A Swede, apparently insane, fusiladed the royal castle here with a Remington rifle at noon Tuesday.

He fired, twelve shots, several of which crashed through the windows and embedded themselves in the interior walls of the castle.

The man was promptly seized by the police and disarmed.

At the police station he declared that it was his intention to kill King Haakon.

He still had forty or fifty cartridges in his pockets.

King Haakon and Queen Maud were absent from the castle.

### Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of Swamp-Root, by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

The cigar manufacturers of Tampa are much gratified over the decidedly improved condition of business in their line. There has been a marked increase in both the receipts of orders and of large remittances from firms which had been in arrears for some time.

It was decided to put in fire gongs, also to teach the children fire drills, each room to have a different drill so as to enable them to leave the building by different exits, thereby avoiding a congestion in the halls.

A team of runaway horses which had broken loose from a wagon "ran over" a little girl in Tampa, Friday-morning, without injuring her, as The Times tells the story. ### JUSTICE COLMAN'S COURT.

Five Young Negro Boys Arraigned Upon Charge of Malicious Mischief.

The old wheels of justice were about to become rusty in Justice Colman's court, it has been so long since they have been set in motion, but there was a change Tuesday, when five negro boys were brought before the Justice upon a charge of malicious mischief, preferred by Jeff Simons.

The names of the boys were Verbon Hall, Fred DeBose, James LeRoy, Tom Ingram and Theo Joiner. They were charged by the prosecuting witness with robbing his nests of eggs, thereby preventing his hens from setting.

After investigating the case, Justice Colman felt that only two of the boys were actually guilty. These were Verbon Hall and Fred DeBose, who were apparently leaders. The Justice stated that he did not believe the boys had any intention other than malicious mischief, and after a lecture, released them on payment of the costs in the case.

Gainesville Lodge No. 990, Benevolent and Protective Order of Elks, will be honored with the presence of District Deputy Grand Exalted Ruler Max L. Bear of Pensacola, who informs Secretary J. M. Dell of the local lodge that he will pay Gainesville Lodge an official visit Friday evening.

The regular weekly meetings of Gainesville Lodge are held on Thursdays, but Mr. Bear could not conveniently arrange his schedule to be here tonight. The regular meeting will be held, however, but another session will be held Friday night to greet this distinguished officer, who is not only an enthusiastic Elk and an efficient official, but a whole-souled fellow as well, as most all Elks prove to be.

Secretary Dell requests a full attendance at the meeting on Friday evening, which will be held at 8 o'clock.

Ordinary Methods for Treating Catarrh Prove Unsuccessful.

Written statistics that show an increase in catarrh have shaken confidence in the usual prescriptions to safeguard human health from the ravages of this disease.

When stomach dosing was proven ineffective, it was natural to look for some other treatment, and it is believed that in Hyomel an absolute cure for all catarrhal troubles has at last been found. Inhaled with the air you breathe, its healing medication reaches every part of the nose and throat, and soothes the irritated mucous membrane so that relief is almost instant, while lasting cure is practically sure to follow.

The complete Hyomel outfit costs but \$1, and is sold by J. W. McCollum & Co. under an absolute agreement to refund the money if it does not give satisfaction.

### CITY POLL TAXES.

Taxes Must be Paid by Saturday Night to Qualify Voters.

The time is growing short for the payment of poll taxes, and all those who desire to qualify and participate in the approaching city election must "get straight" by paying their poll taxes on or before Saturday, the 14th.

Collector Dickinson states that he has been kept busy issuing polls for the past few days, which is an indication that an extra heavy vote will be polled at this election. This is probably due to the rivalry between the three candidates for marshal, as little interest outside of this office seems to be manifested.

# No Operation

Mrs. Malinda Akers, of Basham, Va., writes: "I had what doctors call 'prolapse,' and couldn't stand straight. I had pain in my back and shoulders, and was very irregular and profuse. Doctors said an operation was needed, but I couldn't bear the thought of the knife. After taking three bottles of Wine of Cardui, I could walk around. Can now do my housework and am in splendid health."

Cardui is a pure, vegetable, medicinal essence, especially adapted to cure women's diseases. It relieves excessive periodical pains, regulates irregularities, and is a safe, pleasant and reliable remedy for all sick women. In successful use for over 70 years. Try it.

### BLACK HAND PLOT?

Four Italians Were Shot from Ambush at Ybor City, Fla.

Tampa, Fla., March 11.—Dr. Giovanni Grana, a prominent physician, his brother-in-law, John Ortino, and a friend, Alfonso Mule, were shot from ambush in Ybor City by four men, who had secreted themselves in the grounds of St. Joseph's convent. Mule will probably die, the others being only slightly wounded. All are Italians, and the shooting is believed to be the result of a Black Hand plot.

Five thousand dollars was demanded from Dr. Grana several weeks ago and he had also been notified to leave the city. Demands have also been made on other prominent Italians and much alarm has prevailed in the Italian colony.

The police have arrested five Italians on suspicion.

### IGNORED WIFE'S APPEAL.

Swift Vengeance Meted Out to Man in Virginia.

Bristol, Va., March 11.—Swift vengeance was meted out to Jackson Presler, a young married man, who was taken from his home near Swords Creek, Russell county, by a mob of three hundred men, in spite of his wife's appeal, and hanged to a tree.

George Call and John Mutter were murdered at a dance Saturday night, and it was charged that Presler was implicated in the killing. Thomas Gross and Fred Dye, young men, also charged with being implicated in the double killing, were arrested Sunday and hurried to Lebanon jail, twenty miles distant, in order to prevent a lynching.

### THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means a destroyer or killer of "herpes." Now "herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and \$1.00.

## KING EDWARD WRITES KAISER.

**Relates to Correspondence Between Kaiser and Lord Tweedmouth.**  
Berlin, March 11.—A local news agency declares that it has been learned from an unimpeachable authority that King Edward has sent a letter to Emperor William, couched in cordial and friendly terms, concerning the revelation by the London Times of the existence of private correspondence between the emperor and Lord Tweedmouth, first lord of the British admiralty.

According to this agency dispatch, King Edward, in his letter, takes the view that the British parliament and the public, as well as an immense majority of the press of England, sharply disapprove of the action of the Times.

Continuing, the dispatch says that the attempt of the Times to exploit a private and non-political exchange of correspondence in a sensational way and in a manner antagonistic to Germany caused the British king to write as he has to Emperor William.

The king's action, it is added, will create the best impression, both in Germany and Great Britain.

## SHIP CAPTAIN SUICIDES.

**Ainsworth Went to Bathroom and Shot Himself in Head.**

Seattle, Wash., March 11.—Daniel S. Ainsworth, commander of the revenue cutter Rush, committed suicide in the bathroom of the vessel by shooting himself in the head.

No one aboard the vessel would venture an opinion as to the cause of the suicide, other than to say that the captain seemed worried of late, and had acted strangely. A court-martial was in progress, involving the conduct of some of the officers aboard the vessel, but the charges did not affect the captain.

Captain Ainsworth recently applied for a leave of absence to visit his mother, who was ill at Portsmouth, N. H. It is said that his request was refused.

Captain Ainsworth was forty-five years of age, and unmarried.

## The Story of a Medicine.

Its name—"Golden Medical Discovery"—was suggested by one of its most important and valuable ingredients—Golden Seal root.

Nearly forty years ago, Dr. Pierce discovered that he could, by the use of pure, triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of alcohol, so generally employed. So the now world-famed "Golden Medical Discovery" for the cure of weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness and kindred derangements was first made, as it ever since has been, without a particle of alcohol in its make-up.

A glance at the full list of its ingredients, printed on every bottle-wrapper, will show that it is made from the most valuable medicinal roots found growing in our American forests. All these ingredients have received the highest endorsement from the leading medical experts of Europe and America.

A little book of these endorsements has been compiled by Dr. E. V. Pierce, of Buffalo, N. Y., and will be mailed free to any one asking same by postal card, or letter addressed to the Doctor as above. From these endorsements, copied from standard medical books of all the different schools of practice, it will be found that the ingredients composing the "Golden Medical Discovery" are advised not only for the cure of the above mentioned diseases, but also for the cure of all catarrhal, bronchial and throat affections, accompanied with catarrhal discharges, hoarseness, sore throat, lingering, or hang-on-coughs, and all those wasting affections which, if not promptly and properly treated are liable to terminate in consumption. Take Dr. Pierce's Discovery in time and persevere in its use until you give it a fair trial and it is not likely to disappoint. Too much must not be expected of it. It will not perform miracles. It will not cure consumption in its advanced stages. No medicine will. It will cure the affections that lead up to consumption, if taken in time.

# BLOOD POISON

## HUMILIATING-VILE-DESTRUCTIVE

The first symptom of Contagious Blood Poison is usually a little sore or ulcer, which is quickly followed by a red rash on the skin, swollen glands in the groin, falling hair, ulcerated mouth and throat, and often copper colored blotches on different parts of the body. As the blood becomes more fully contaminated with the poison, pustular eruptions and sores break out on the flesh, and in extreme cases the nerves and bones are attacked and the finger nails drop off. Then the sufferers find themselves diseased from head to foot with this humiliating, vile and destructive poison. No other disease is so highly contagious; many an innocent person has been inoculated by handling the clothing or using the toilet articles of an infected person. There is but one certain, reliable cure for Contagious Blood Poison, and that is S. S. S. It attacks the disease in the right way by going down into the circulation, and neutralizing and forcing out every particle of the poison. It makes the blood pure and rich, tones up the system, and completely and permanently cures this disease. S. S. S. has cured thousands of cases of Contagious Blood Poison. If you are suffering with this debasing and destructive disease begin the use of S. S. S. and get the poison out of your blood before it permanently wrecks your health. We have a home treatment book on the disease which we will send free to all who wish it, and in addition our physicians will give without charge any medical advice needed. ## THE ODOR OF SANCITY.

French Writer's Theory of How It May Be Exuded by Man.

Georges Dumas is the author of an article in the Revue de Paris on "The Odor of Sanctity." The writer reports as true the numerous reported cases of saints and mystics of the holy church whose bodies after death or during moments of ecstasy emitted peculiarly pleasing odors of various kinds. Then men and women to whom such legends deal, argues Dumas, were neurasthenes, and it is not impossible that the aroma of sanctity which surrounded them was produced of strictly physiological chemical changes common to all, but present in highly intensified form in subjects who, so to speak, turned up the candle of their existence to an unusually rapid rate. He says in

the far, then, we have come across a variety of perfumes—cinnamon, orange, pineapple, rose, violet, of the valley, yellow amber and so on. Now, the natural constituents of all these are well known, and chemistry produces them daily for commercial purposes. We may therefore attribute the equivalent chemical exhalations for the ordinary terms we employed and say that orange, cinnamon, violet and musk owe their name to aldehydes and acetones, aromatic liquids derived from the alcohol, just as the artificial essence of apple comes from butyric ether. We have, then, to ask whether the human body can produce odorous compounds of the kind we have mentioned under what conditions. As a matter of fact, it does produce a certain number of such compounds in the digestion of organic matter, which is a constant condition of life, in particular acetones and the volatile fatty acids, butyric, formic, acetic, etc. If the process of combustion is normal all the constituents are burned up, completely oxidized, and give as a residue water, carbonic acid and urea. But let the slackening occur in the innervation of the tissues and the same constituents will escape through the skin, perspiration and the skin."

## MAGIC MIRRORS.

Effects in Some of the Polished Bronze Reflectors.

Now and then mirrors of a curious kind are seen in Europe. They are called "magic mirrors" and are of Japanese origin, made not of glass silvered on the back, but of cast bronze, polished on the front and bearing on the back raised lines, inscriptions, symbolical designs, crests or pictures. When exposed to a bright beam of light from the sun or from an electric lamp they reflect in the light from their polished surface the image of the pattern on their back.

This is a purely optical property and of course nothing in common with fortune telling magic crystals of astrologer or the alleged magic powers of necromancy, yet it long puzzled the scientific optician and even in little known or believed. The theories of various scientific men have established the fact that the phenomenon is due to very minute differences of curvature in the polished face, recesses so minute that they do not affect the ordinary use of the mirror looking glass and that can be detected only by delicate optical tests. The only remaining mystery has been to how these delicate differences of curvature were produced in correspondence to the pattern on the back. The makers themselves are in ignorance of the magic property and do not know which of their mirrors possess it and which do not. Mirrors are cast in molds and afterward polished by hand, and it is by scientific men that the difference of curvature is caused by the method of holding the mirrors under that pressure of the tools used in scraping and polishing the thin parts naturally being more than the thick. This accounts for the mirrors' becoming "magic mirrors."

Book Auction. Back in 1732, Montagu, governor of the colony of New York, died on July 1. In the New York Gazette of May 12 is the following advertisement of the kind:

Thursday, June 1, at 3 o'clock afternoon, will begin to be sold at auction a collection of valuable books belonging to the library of the late John Montagu, Esq., governor of New York, etc., etc. A catalogue of the books may be seen at the Coffee House in New York with the conditions of sale. This is also the first instance where the word "auction" appears. "vendue" the term in general use.

Witty and Caustic. A woman suffrage lecturer, according to the Boston Globe, recently let down the house with the following argument: "I have no vote, but I have a great respect for men in the stables, but I am not going to go to him and say, 'Will you exercise the franchise?' and reply, 'Please, man, which is that?'"

## Kennedy's Laxative Cough Syrup

"A Cold or a Cough nearly always produces constipation—the water all runs to the eyes, nose and throat instead of passing out of the system through the liver and kidneys. For want of moisture the bowels become dry and hard."

Kennedy's Laxative Cough Syrup relieves Colds by working them out of the system through a copious action of the bowels.

## A Curious Grace.

The most curious form, or, rather, expression, of grace after meat which I have ever come across was that customary at Clifford's inn, one of the vanished inns of chancery. The society consisted of two distinct bodies, the principal and rules and the Kentish mess, each body having its own table. At the conclusion of the dinner the chairman of the Kentish mess, first bowing to the principal of the inn, took from the hands of the servitor some small rolls or loaves of bread and, without saying a word, dashed them several times on the table, after which they were taken away. Solemn silence reigned only by the thumps prevailed during this curious substitute for a verbal grace.—Oor. London Chronicle.

## Instinct and Reason.

Instinct is the generic term for all those faculties of mind which lead to the performance of actions that are adaptive in character, but pursued without necessary knowledge of the relation between the means employed and the ends attained. Reason refers to those actions that are adaptive in character and that are pursued with knowledge of the relation between the means employed and the ends aimed at. Such is the technical statement of the difference between instinct and reason, but the real, basic difference between the two faculties is unknown and probably unknowable.—New York American.

#### PHOTOGRAPHY.

Photography today is an economic and social necessity in every community. It maintains the memory and affections of family life through the picture it makes, and which we could not now do without. How often is regret expressed that no picture exists of some friend or relative who is no longer with us! Sometimes, indeed, the camera has to intrude upon the sacredness of the death chamber itself when relatives feel that a photograph in such circumstances is better than none at all. Do not procrastinate. Be wise and "secure the shadow ere the substance fades."

You can get a picture from locket to life-size at Smith's Studio.

## KING IN BARCELONA

Spanish Ruler Given Warm Welcome By the Citizens.

### NO UNDUE DEMONSTRATIONS

Firing of Salutes by the Austrian and Spanish Warships in Harbor Marked His Majesty's Arrival--Barcelona Is Gaily Decorated.

Barcelona, Spain, March 11.—King Alfonso, who left Madrid Monday night, arrived in this city Tuesday morning. He has taken up his residence at the home of General Linares, captain general of Catalonia, where he will stay during his visit here. He was given a warm welcome by the people of the city. No demonstrations of any kind marked the arrival of his majesty.

### King Warmly Greeted.

The royal train drew into the station at 9 o'clock and its arrival was announced by the firing of salutes from the Austrian and Spanish warships in the harbor. The big square outside the railroad station was lined with troops and the civil guard, who had difficulty in keeping back the surging crowds. As the king emerged from the station, accompanied by General Linares and the members of his personal suite in brilliant uniforms, he was warmly greeted. Smiling his acknowledgments to the plaudits of the people, the king entered the royal carriage in waiting, and, escorted by a squadron of cavalry, he was driven rapidly to the church of La Mare de Deu, where a te deum was celebrated. After the service the king repaired to the residence of the captain general, which adjoins the church.

Beauties of Spain in Evidence. Barcelona was gaily decorated in honor of the royal visitor.

The tiers of balconies along the route traversed by his majesty were hung with bunting and flags and were thronged with women wearing the black mantillas for which the beauties of Spain are famous. There were showers in profusion and the scene was festive and beautiful. The king bowed right and left in response to the greetings of his people, and some of his black-eyed Spanish women were with difficulty restrained from disobeying the strict injunctions of the police against showering the young monarch with flowers.

An imposing array of civil guards and police lined the streets through which his majesty was conducted.

### Says Kings Run No Risk.

Orleans, France, March 11.—M. L. Roux, chief of the Barcelona republicans, declared that King Alfonso did not run the slightest risk in visiting Barcelona. M. Leroux is the Spaniard who was condemned to two years' imprisonment for publishing articles in favor of Jose Nakers, the editor of "El Motin," who hid Morales, the anarchist who threw a bomb at King Alfonso in Madrid on his wedding day in 1906. He said:

"The king is as safe in Barcelona as behind the walls of the Alcazar at Madrid. The popular hatred is against Premier Maura, who is trying to stamp out the democratic movement by pitting the republicans against the Catholics and Separatists. Maura is the man really responsible for the terrorism at Barcelona."

### Theatrical People Arrested.

New York, March 11.—At the close of the performance of "A Millionaire's Revenge" at the Columbia theatre Monday night, the police arrested W. J. Jacobs, the manager of the theatre; John T. Pearsall, manager of the Mittenhal Bros' Amusement company; Harold Vosburgh, stage hand; and Louis C. Miller, member of the cast. They were charged with producing an immoral play which was founded on the theft of money.

### Delegates Arrive.

Oklahoma City, Okla., March 11.—Delegates for the state convention of the Republican party, which meets Wednesday, selected four delegates to the National Republican convention at Chicago at a meeting here Tuesday.

## COMPULSORY EDUCATION.

Some Reasons Why Such a Law Is Badly Needed.

Editor Sun: I have noticed in your valuable paper the return from Washington of our able Superintendent of Instruction, Dr. J. L. Kelley. I also note the deep interest in public education he reports as manifested in that convention. Now these conventions are all right and are to be encouraged, but if held every month in the year they would not reach the greatest evil and impediment to the success of our schools with which we teachers of county schools daily meet. It may be difficult to make some of your readers really appreciate the utter indifference which many, many, too many patrons manifest and practice towards patronizing our schools. The people are taxed, and our county school boards and superintendents exert themselves to furnish able, active teachers, good school houses, well supplied with proper furniture, and yet the child in too many instances exercises his own sweet will as to going to school. Frequently children living not farther than a quarter or half a mile from the school-room will attend not more than two or three days in the week, and then reach the school house at 2:30 or 10 a. m. Worse still I know of instances where the child is inclined to attend regularly but is prevented through the most trivial cause. These same parents never encourage a child to study at home, and a teacher who really has his work at heart finds it an "up-hill" business to make much progress. I believe Alabama has an able school board and superintendent as any in this State, and I know that Dr. Kelley tries to furnish excellent teachers, but these efforts are beyond his power to cure and can only be reached by the Legislature. I do wish that the county superintendents and teachers throughout the State would present the next Legislature with one grand petition asking for a compulsory school law. This is the only hope for this awful cancer which is blotting the future of thousands of Florida's sons upon whom she must depend when this older generation has passed from the stage. Let the marchers of the State of the South continue to wage this point and future generations should, and I believe will, look to it. Respectfully, HARJOE.

## THE GUARDS' MINSTRELS.

Boys Are in Practice, and Will Soon Present a Fine Entertainment.

From Wednesday's Daily.

Our people may expect a big thing in the line of a musical entertainment in a short time, when the Gainesville Guards Minstrels will appear before the footlights.

This aggregation, which comprises a number of the most talented young men in the city when it comes to music, are rehearsing regularly, and something extra good is anticipated. The songs and jokes will be new, catchy and up-to-date, and are bound to please those who hear them.

This entertainment will be given for the benefit of the new armory for the guards, the proceeds to be used in defraying the expenses of fitting out the armory, including the billiard and pool parlor, the reading rooms, etc.

## CITY POLL TAXES.

Taxes Must Be Paid by Saturday Night to Qualify Voters.

The time is growing short for the payment of poll taxes, and all those who desire to qualify and participate in the approaching city election must be quick in paying their poll taxes. The deadline is Saturday the 14th. The city clerk states that he has been notified that the poll tax is an additional heavy vote will be cast in the election. This is probably true. The rivalry between the two candidates for marshal, as little interest outside of this office seems to be manifested.

## NIGHT RIDER RAID

Masked Men Terrorize a Town in Kentucky.

### SIX NEGROES WERE SHOT

Riders Said To Have Taken Possession of the Town and a Regular Fusillade of Shots Was Fired--Warned Many Negroes to Leave the Place.

Paducah, Ky., March 11.—One hundred masked night riders rode into the town of Birmingham, Marshall county, late Monday night, shot six negroes, one of them, it is believed fatally, and whipped five others.

The riders took possession of the town and shot into every negro cabin in the place.

In one of these cabins John Scruggs, his wife and three children and a grand daughter were struck by bullets.

Scruggs is probably fatally shot.

The night riders then took five other negroes to the banks of the Tennessee river where they whipped them.

After warning about twenty-five other negroes to leave the place, the masked men rode away.

The raid followed a warning of two weeks ago to all negroes to leave Birmingham.

### FOUND DYING IN ROAD.

Believed Bennet Was Attacked by the Night Riders.

Nashville, Tenn., March 11.—A dispatch to the Banner from Clarksville, Tenn., says:

Near Woodford, about 15 miles from this city, Tuesday morning, Brown Bennett, a young man, the son of an associate tobacco prizer, was found in the public road in a dying condition, with a bullet hole through his head. Near Bennett were two dead horses and three empty shotguns.

It is believed the young man had been attacked by night riders.

There is great mystery surrounding the affair, and an investigation is being made.

## NIGHT RIDER RAID.

Visit Brookville, Ky.—Destroy 15,000 Pounds of Tobacco.

Brookville, Ky., March 11.—Fifty or more night riders came into town early Tuesday in buggies and on horseback and before they left 15,000 pounds of tobacco belonging to Robert Stanton, one of the wealthiest planters in this section, had been burned. The men were heavily armed with guns and revolvers. A number of the men went to the local exchange of the Bracken county telephone company and kept guard over the operator, Miss Holton, so that no word could be sent for assistance.

The men wore no masks, but are not known here.

### Trial of Alleged Defaulter.

Tallahassee, Fla., March 11.—The case of George C. Scudamore, defaulting cashier of the People's Bank and Trust company, of Pensacola, Fla., will be heard in the supreme court of Florida, March 11. Scudamore was adjudged insane by a committee appointed to test his mental condition, and was ordered sent to the Florida insane asylum. Scudamore's attorneys sued out a writ of habeas corpus and will test the Florida insane law at the hearing in the supreme court on Wednesday next.

### Famous Jockey Dead.

Dallas, Tex., March 11.—Charles Jackson Vandusen, the once famous jockey, died Saturday morning. For many years he had been a jockey and in his time had ridden many famous mounts. His last riding was in Germany, where he rode for Dr. Weinberg, for Holstein and on several occasions for the Kaiser. He was winner in several famous races.

### Will Return to Work.

Quincy, Mass., March 11.—The striking granite polishers who have been out since March 1, will return to work Wednesday. The terms of the settlement were not given out.

## A UNIVERSITY FUNCTION.

Faculty and Students Will Hold Open House on March 20.

The faculty and students of the University of the State of Florida will hold "open house" on the evening of March 20, from 7:30 to 10:30 o'clock, and will be glad to have the people of Gainesville come out and visit them. Conveyances will be provided to take all to the University. These will start from the square.

At the University all the halls, lecture-rooms and dormitories will be open to inspection. Every professor will be in his lecture-room ready to explain the workings of his department, and to exhibit his apparatus.

The professors of the Experiment Station will also be on hand to tell of their work. Conveyances will be ready to take visitors to the greenhouse. This will be brilliantly illuminated for the occasion, and will doubtless be very pretty, especially if the orchids are still in bloom.

The swimming-pool, which has recently been put in good shape for the warm months, will also be illuminated.

In the workshops samples of the work of the students will be on exhibition and souvenirs made by the students will be given to the ladies.

The grounds will be brightly illuminated. In the chapel the University brass band, the glee club and the orchestra will probably make their first appearance.

Light refreshments will be served. The dormitories will be open with cadet officers on each floor to serve as guards. The students will be in their rooms and will be delighted to have their friends call.

## JUSTICE COLMAN'S COURT.

Five Young Negro Boys Arraigned Upon Charge of Malicious Mischief.

The old wheels of justice were about to become rusty in Justice Colman's court, it has been so long since they have been set in motion, but there was a change Tuesday, when five negro boys were brought before the Justice upon a charge of malicious mischief, preferred by Jeff Simons.

The names of the boys were Verbon Hall, Fred DeRose, James LeRoy, Tom Ingram and Theo Joiner. They were charged by the prosecuting witness with robbing his nests of eggs, thereby preventing his hens from setting.

After investigating the case, Justice Colman felt that only two of the boys were actually guilty. These were Verbon Hall and Fred DeRose, who were apparently leaders. The Justice stated that he did not believe the boys had any intention other than malicious mischief, and after a lecture, released them on payment of the costs in the case.

## WILL MAKE OFFICIAL VISIT.

District Deputy Grand Exalted Ruler of Elks Will Be Here Friday.

Gainesville Lodge No. 999, Benevolent and Protective Order of Elks, will be honored with the presence of District Deputy Grand Exalted Ruler Max L. Bear of Pensacola, who informs Secretary J. M. Dell of the local lodge that he will pay Gainesville Lodge an official visit Friday evening.

The regular weekly meetings of Gainesville Lodge are held on Thursdays, but Mr. Bear could not conveniently arrange his schedule to be here tonight. The regular meeting will be held, however, but another session will be held Friday night to greet this distinguished officer, who is not only an enthusiastic Elk and an efficient official, but a whole-souled fellow as well, as most all Elks prove to be.

Secretary Dell requests a full attendance at the meeting on Friday evening, which will be held at 8 o'clock.

### Death of Mrs. Gordon.

Mrs. Gordon, mother of Mrs. Judge Merchan, died at her home on West Main street N. last night.

The funeral will be held from 2 o'clock this afternoon. The sympathy of the community is extended to the bereaved family.

## MUTINOUS CONVICTS

Seven Hundred Made Desperate Rush For Liberty.

### HAD FIGHT WITH THE GUARD

At the State Reformatory at Pontiac, Ill., Proof of Well Planned Plot to Overrun Guards Was Discovered. Many Injured in Fight.

Chicago, March 11.—A dispatch to the Tribune from Pontiac, Ill., says: A desperate rush of 700 mutinous convicts for the wall which stands between them and liberty, took place at the state reformatory Monday.

The guards put up a stubborn fight and the ringleaders, all Chicago criminals, were herded into the top gallery. There, on a narrow platform forty feet from the main floor, they fought until finally quelled.

Half a dozen guards and as many prisoners were injured in the fight.

Proof of a well-planned plot to overrun the guards and gain their liberty was discovered by the institution's officials.

An effort will be made to seek out the other ringleaders, and prevent any further plans from materializing.

## NEWBERRY ITEMS.

Newberry, March 10.—Miss Neal Johnson entertained a few of her friends Monday evening at the home of her sister, Mrs. D. G. Roland. Those present were Misses Ada Pierce, Lula Vause, Anthea Groff and Neal Johnson; Messrs. Ruby Henderson, John Miller, C. A. Neal and W. G. Chapman. They all reported a grand time.

## Lost a Fine Horse.

Friends of Sam Davis sympathize with him in the loss of his fine horse on Monday night, which died rather suddenly.

Mr. Davis paid \$500 for this colt, when only six months old, and the horse, which was two years old at the time of its death, was the admiration of everyone.

W. W. Lee of Lakeland, in Lakeland county, killed a fine fish, which was brought to the city and sold for \$100. The fish was a large catfish, and was the largest ever caught in the State.

# CITY ELECTION TO BE HELD APRIL 14

Council Held Meeting—Requested Mayor to Issue Proclamation.

## FULL TICKET CITY OFFICERS

With Exception of Three Councilmen, Who Are Hold-overs—Little Interest in Coming Campaign, Except Between Candidates for Marshal.

From Tuesday's Daily Sun:

A special meeting of the City Council was held Monday, being called for the purpose of requesting the Mayor to issue a proclamation calling a municipal election on the second Tuesday in April, for the purpose of electing city officials, including four aldermen, for the ensuing year.

This meeting was attended by every member of the council with the exception of Alderman Wittstock, who was detained on account of business.

There seems to be little interest in the coming municipal campaign among the voters, with the exception of the marshalship. There being three candidates for marshal, all good men, the interest in the political pot is already beginning to simmer, and before the election there is likely to be a live but friendly contest.

No suggestions for the aldermanic positions have yet been made with the exception of J. A. Goodwin, the announcement of whose candidacy really started as a jest, but which later formed serious proportions. Mr. Goodwin's friends are anxious for him to enter the race in earnest, and many of the best people of the city have volunteered their support. Mr. Goodwin has begun to look upon the matter seriously himself, being prompted by urgent requests of friends, and may become a candidate in earnest.

The position of mayor seems to be going begging, as there is no particular aspirant who cares to assume the responsibility of relieving Mayor Thomas of the responsible duties which he has so faithfully and efficiently filled with credit to himself and his city.

## IN MAYOR'S COURT.

Coon With Illustrious Name Arraigned for Disorderly Conduct.

From Tuesday's Daily Sun.

The mills of justice were set to grinding in the usual Monday session of the municipal court, two offenders having been arraigned before Mayor Thomas.

One of these offenders bore the "illustrious" name of Jesse James, and, though he did not have the appearance of being as desperate, the charge of disorderly conduct he was compelled to face brought out the fact that he had been disorderly, and he was fined \$2.50 and costs.

John Woodson, also arraigned upon a charge of disorderly conduct, was assessed a fine of \$5 and costs.

## AID THE HOSPITAL.

Strong Appeal from One Deeply Interested in Its Welfare.

Editor Sun: Please allow me space to say a few words in behalf of the Odd Fellows' Sanitarium or the Alachua County Hospital Association.

I was very much surprised, as well as pained a few days ago, upon receiving a letter from a dear friend containing the information that the hospital was badly in need of funds. It seems as though it is not paying expenses and if they do not get aid from some source it will have to close its doors. I also understood that a large per cent of its patients are objects of charity and not able to pay their expenses, but no one is ever turned away. Now, I can't believe that the good people of Gainesville and Alachua county will let the doors of such an institution close for want of a little help or financial backing. It would be a shame and an outrage, and forever a reflection on the people of Gainesville and Alachua county. Now I know that the people of Gainesville are amply able to carry this institution through its dark days, but I am of the opinion that the trouble with them is that every day, more or less, objects of charity present themselves and receive only a passing thought. The hospital is deserving of more attention than this. Being a fixture, it will not only be beneficial to you and Gainesville, but may do your children and grand-children good. I feel that it is the duty of every citizen of Gainesville and Alachua county to stand by it in its time of need, for you don't know how soon you will need its services, and need them badly.

Persons who don't feel disposed or able to give money can contribute produce, or even wood, as all such has to be bought and is same as cash.

Now, fellow citizens, stand by your guns, put your shoulders to the wheel, and let the good work of the hospital continue. Respectfully,

A CO-WORKER.

## DELIGHTFUL BIRTHDAY PARTY.

Miss Ruth McDonald Entertained in Honor of Thirteenth Birthday.

From Sunday's Daily Sun:

The home of Mr. and Mrs. C. W. McDonald, 506 East Church street, was the scene of a happy occasion Saturday afternoon from 3 to 5 o'clock, the occasion being the anniversary of the thirteenth birthday of their charming little daughter, Miss Ruth.

About thirty of Miss Ruth's friends were present, and the afternoon was passed in a most enjoyable manner, games appropriate to the occasion being indulged in. One of the most amusing features of the afternoon was a peanut-grabbing contest, which was participated in by all. Miss Mozelle Burkheim had the distinction of winning the first prize, a box of Huyler's, while the "booby," a big stick of candy, fell to the lot of Holland Fay.

Delicious refreshments of cake, pneucua candies and fruit punch were served. Miss Mozelle Burkheim presiding at the punch bowl. The dining-room was tastefully decorated with ferns and violets.

Misses Daughtrey, Beasie Kelley and Ida McDonald assisted in entertaining the young guests, and in all the afternoon was most delightfully spent. At a late hour the guests departed, wishing their clever little hostess many happy returns of the day.

## DR. ROGERS TO REMAIN.

Refused a Flattering Call to Wealthy Church of Alabama.

From Tuesday's Daily Sun.

Friends of Rev. S. B. Rogers, pastor of the First Baptist church in this city, will be gratified to learn that he has refused a very flattering call to the Baptist church of Brewton, Ala., which was tendered him at a much larger salary than he is receiving here.

The fact that Dr. Rogers decided to remain here is appreciated not only by the members of his congregation, but by all Christians of every denomination, as Dr. Rogers has made a faithful and efficient pastor not only for his church, but for the people. In all charity work he has been the leader, and in all he has been a valuable acquisition in sustaining the morality of the city.

Dr. Rogers announced his decision from his pulpit Sunday morning, which was very gratifying to those present.

## LETTER TO GORDON B. TISON, Gainesville, Florida.

Dear Sir: Todd & Downing, contractors and builders, Morgan City, La., have painted Devco for 3 or 4 years. They say it takes less gallons Devco than of any other paint they have used. That means that a job costs less with Devco; not only for paint, for labor as well.

They paint nothing else, Devco exclusively.

They have said nothing about the comparative wear of Devco and others; oversight, may be; perhaps too soon for that. But Devco is the strongest paint; that's why least gallons; best wear, same reason. Least cost and longer time between jobs.

The Palatka Times-Herald is so unkind as to remark that "a frost and John Beard struck Gainesville at the same time."

Governor Broward has removed two Florida sheriffs during the past week—Jackson of Hillsborough and Murree of Lake.

Freshwater fish are now a scarce article in the lakes of this section. It appears that the fishermen have "killed the goose that laid the golden egg."

Visitors from the North should not overlook the fact that March and April are the most delightful months of the year in Florida—especially April.

Sweet potatoes are said to be retelling in Tampa at \$1.20 per bushel. Evidently the farmers of South Florida pay little attention to this profitable crop.

The dogwood, jasmine and other flowers now perfume the woods in all directions from Gainesville, and it does both the mind and body good to spend a day among them.

C. L. Bittlinger, editor of The Ocala Evening Star, is a candidate for the Legislature from Marion county. Mr. Bittlinger deserves the office to which he aspires, and The Sun hopes that he will "get there."

Those critics who have been deriding Hon. D. U. Fletcher for his methods of advertising are beginning to realize that he is now the most widely-known of all the candidates for United States Senator.

R. M. Martin of Hawthorn, as will be seen by his announcement in today's paper, is a candidate for county commissioner from district No. 5. Mr. Martin is well known and popular in the East End, and his friends will exert themselves in his behalf.

The New York Commercial remarks that China's seizure of the filibuster off Macao, and her claims for damages because of the Vancouver riots, are two marked steps of advancement more significant than appears at first glance. Is it the sleeping dog waking?

The Ocala Banner remarks that "Florida excels all other States in the value of her oyster industry. Also in her sponge industry. Also in her fish industry. Also in her cigar industry. Also in her pineapple industry. Also in her phosphate industry. Also in her turpentine industry. Also in many other industries. And Florida has her face turned well to the 'ont, and is going forward in leaps and bounds."

The Sun heartily agrees with The Times-Union in the following expression of sentiment: "Anyone who, in committing a crime, takes all the chances of the death of innocent persons resulting from his act, should meet with capital punishment, if convicted. This applies to incendiaries. The criminal who starts out to commit a crime armed to slay those who oppose him, as does the burglar, should be hanged even if he does not find use for his weapons—hanged for his cold-blooded intention."

## CONSTITUTIONAL QUESTION

The Ocala Banner says Judge Pritchard, of the United States district court of South Carolina, has recently rendered a decision on a question which lays down a principle of importance and widespread scope.

The dispensary is now at an end in South Carolina and certain whiskey dealers have claims against the dispensary board. The board has an \$800,000 fund, which is now in the hands of the State commission, and the whiskey houses ask that receivers be appointed for this fund, so that their claims may be adjusted.

The decision of Judge Pritchard appears to decide that when a State engages in the whiskey business or other business not necessary to preserve its autonomy or sovereignty, it waives its rights under the eleventh amendment to the constitution of the United States not to be sued without its consent, and he further decides that it would be unjust to permit the State, under the circumstances, to avoid the payments of debts contracted for goods on which it has made a profit.

A decision so broad in enunciation of principles seemed hardly to have been expected by counsel in the case, and it will carry to the supreme court an issue which may serve to decide once for all the rights of the States under the amendment.

Judge Pritchard, in rendering his decision, said:

"While the State of South Carolina has seen fit to engage in the purchase and sale of spirituous liquors, it cannot be reasonably contended that in doing so it is performing the function usually exercised by a State necessary to preserve the autonomy and maintain its sovereignty. The supreme court of the State has decided that the act authorizing the establishment of a dispensary was constitutional. However, it can hardly be assumed that it was contemplated at the time of the adoption of the eleventh amendment that the sovereign State would ever engage in the purchase and sale of spirituous liquors for profit. The State, having seen fit to engage in this business and at the same time to deprive citizens of the right to engage in such business in competition with the State, thereby placing itself in a position where it could not, with consistency, avail itself of the immunity conferred in the eleventh amendment in a suit like the one at bar, in which it is sought to collect a debt contracted by the individuals placed in control of such business, with implied, if not direct, authority to contract such debts.

"Having deprived its citizens of the right to engage in this particular line of business, reserving the right to monopolize the business through its agents appointed for that purpose, it would be manifestly unjust to permit the State, under any circumstances whatever, to avoid the payment of debts contracted by the purchase of goods from the sale of which it has derived enormous profits."

## THE NAVAL INVESTIGATION.

The Sun's Washington correspondent says there is nothing particularly edifying in the investigation that has been going on before the Senate Committee on Naval Affairs. The thing all came through the magazine article written some months ago by Henry Reuterdahl, a naval artist who made the discovery that everything was all wrong with the navy. Mr. Reuterdahl is not a naval expert, not a warship constructor, nor anything in that line. He is merely an artist who has done a good deal of ship drawing and ship painting, and who in the course of his work has been thrown into contact with many naval officers, each of whom has some particular hobby, as is only natural with men of any profession who are interested in their work. Some of these officers, in perfectly good faith probably, declared that the American warships carried their armor belt too low. Others thought that the ships did not have enough freeboard, others thought that the ammunition hoists could be improved, and others that the turrets were not properly protected. All these points are technical matters that furnish subjects of discussion for the naval boards of all the great powers, and all of them have been figured out in the light of the best naval construction with each successive warship that the American navy has built. But Mr. Reuterdahl bunched all of the criticisms and made it appear that the whole of the American navy was fit for little but the scrap pile. Therefore the Senate Committee

tee on Naval Affairs has had numerous witnesses before it. Admiral Converse, Admiral Capps and a number of others, all of whom have agreed that the charges of bad construction were unfounded. It was not till the committee got before it Commander Sims that they found anyone to agree with Mr. Reuterdahl. Commander Sims said that all of the charges brought against the navy were true, besides many others that had not been brought. He said that American sailors did not know the gun records of the world. And he said other things of the same sort. But as soon as he started in to say disagreeable things the committee shut him up as though they were afraid of finding out something. This did not seem very good either. If there is anything in the charges against the navy it ought to be brought out. That is what the investigating committee is for. If the charges are untrue, they will be easily disproved. The comments of Commander Sims sound on the face of them like unreasonable criticism, but the Naval Committee is never going to get at the truth by shutting up the witness and not allowing him to talk. The subject needs to be threshed out, and the more publicly the better.

Some of The Sun's correspondents are requested to take a little more pains with their communications. We want a correspondent at every postoffice in the county, but we want you to remember that all printers are not mindreaders, especially when it comes to initials and names. A thing that is worth doing at all is worth doing well, and in this connection we wish to compliment our lady correspondents. We seldom have any trouble with their manuscript.

R. B. Peeler, the present efficient county treasurer, is a candidate for re-election, as will be seen by his announcement in today's paper. Mr. Peeler probably knows as many people in Alachua county as any one citizen thereof, and his friends will give him loyal support in the approaching contest.

If you desire to vote at the city election on April 14th you must pay your poll tax not later than Saturday, March 14th. Poll taxes are required for two years, unless you are exempt.

## THE WAY TO "ARGUE."

"There is no good in arguing with the inevitable. The only argument available with an east wind is to put on your overcoat."—Lowell.

The awake-merchant knows the only way to argue with "Poor Business" is to turn on more "publicity steam;" that the best possible use of advertising is to take the edge off of "hard times"—or, more strictly speaking, "dull times." And aggressive advertising does you the most good when your business needs it.

As will be seen by his formal announcement in this issue, Judge J. A. Carlisle is a candidate for County Judge. For many years Mr. Carlisle was clerk of the circuit court of this county, during the occupancy of which position, owing to his acknowledged legal ability, he attained the title of Judge. After retiring from this responsible office, he passed a most creditable examination for admission to the bar, since which time he has enjoyed a successful practice. He is undoubtedly well qualified to fill the position to which he now aspires. Judge Carlisle is one of the most widely-known men in the county, and there is no doubt but that his numerous friends will render him loyal support.

Sheriff Robert, Jackson of Hillsborough county, who has been removed from office by Governor Broward, will run for re-election. He claims that he has not been treated fairly, and his friends are indignant at the Governor's action.

Osceola county remains in the dry column by 45 majority. The prohibitionists are jubilant over their victory.

## PHOTOGRAPHY.

Photography today is an economic and social necessity in every community. It maintains the memory and affections of family life through the picture it makes, and which we could not now do without. How often is regret expressed that no picture exists of some friend or relative who is no longer with us! Sometimes, indeed, the camera has to intrude upon the sacredness of the death chamber itself when relatives feel that a photograph in such circumstances is better than none at all. Do not procrastinate. Be wise and "secure the shadow ere the substance fades."

NEWS OF CITY AND  
COUNTY CONDENSED

Mr. and Mrs. F. T. McCook of Waycross, Ga., and K. F. McCook of Jacksonville, have arrived in the city. They were summoned here on account of the serious illness of the Messrs. McCook's sister, Mrs. C. F. Goodman. It is hoped the patient will soon be better.

Zack McKinney of LaCrosse, one of the most successful farmers of the northern portion of the county, was in the city yesterday and renewed his subscription to The Sun. He says he could not get along without The Sun, and every man interested in the welfare of the county should be a subscriber thereto.

Judge M. B. Gerry, a prominent citizen of Rome, Ga., who has been in this city for the past few weeks, left yesterday for Fernandina, from which point he will proceed to his home. Judge Gerry made a recent visit to Cedar Key, the first time he has visited that place in forty years. He declared "things looked so different" at the Keys since that time.

W. J. Williams of Trenton was in the city yesterday on business. While here he paid The Sun an appreciated visit, renewing his subscription to The Sun, also the subscription of two other citizens of his town. Mr. Williams states that Trenton is still building, and that the old town is destined to become the metropolis of the West End. Among the buildings now being erected at Trenton is the handsome residence of Dr. O. S. Clyatt, which will be one of the most modern in that section when completed.

## MUCH CONCERN FELT.

Ordinary Methods for Treating Catarrh Prove Unsuccessful.

Written statistics that show an increase in catarrh have shaken confidence in the usual prescriptions to safeguard human health from the ravages of this disease.

When stomach dosing was proven ineffective, it was natural to look for some other treatment, and it is believed that in Hyomel an absolute cure for all catarrhal troubles has at last been found. Inhaled with the air you breathe, its healing medication reaches every part of the nose and throat, and soothes the irritated mucous membrane so that relief is almost instant, while lasting cure is practically sure to follow.

The complete Hyomel outfit costs but \$1, and is sold by J. W. McCollum & Co., under an absolute agreement to refund the money if it does not give satisfaction.

## GREAT VAN AMBURG SHOWS.

Will Exhibit at Gainesville on Thursday, March 19th.

No tented amuseur enterprise on earth has met with such continuous praise and applause as has the Great Van Amburg Shows. An ovation greets this clean and beautiful organization at every point in its annual tour.

From the cold waters of Hudson Bay to the Rio Grande and Pacific shores the name of Van Amburg is a household word and the coming of the great shows that bear his name is greeted always with a hearty welcome.

From the genesis of the show until its present colossal perfection there has not been a solitary season in which it has not led its fellows in the multiplicity and general excellence of its attractions, and now it towers above and dwarfs and all other tented exhibitions in comparative insignificance, and this season it presents such an opulence of sterling and meritorious attractions as to entitle it to be designated as a vast Amusement Golconda whose wondrous wealth of entertainment is unlimited and immeasurable. The Van Amburg Show has always been the best and biggest, always in the van, always prolific in leading and sensational features, and always fully equipped with the finest stable of horses and the most skillful and finished bare-back riders, gymnasts and acrobats in the profession. The show has a large, well-ordered, and well-selected menagerie, containing living, vigorous specimens of all that is strange, rare and curious within the range of natural history, and this Royal Roman Hippodrome is a realistic reproduction of that of the days of the Imperial Caesar.

It may be said, however, that to these always prominent and desirable attractions has been added, for the current season, many features so stupendous in magnitude, so overpowering in unprecedented grandeur and impressiveness, and so enormous in the expense necessary to this production, that the features mentioned, grand and wonderful as they are, can at best play but a secondary part.

Don't forget the date, Thursday, March 19th.

## DEATH OF DR. PEPPER.

Old and Well-Known Methodist Minister Passed Away Monday.

From Tuesday's Daily Sun:

It was with a feeling of deep sorrow that our people learned of the death of Rev. E. L. D. Pepper, which occurred at the home of his son, W. M. Pepper, Monday afternoon.

Deceased was a native of Philadelphia, and was seventy-five years of age. He was a Methodist minister of

prominence, but owing to feebleness had not been active for the past few years. He came to Gainesville about three years ago, since which time he has resided with his son.

A more extended notice of the life and character of this grand old gentleman, who was a friend of everyone, will be given later. His demise has caused a feeling of sorrow in the entire community and sympathy is extended to the bereaved family.

## FUNERAL OF DR. PEPPER.

Large Number of Friends Gathered to Pay Last Sad Respects.

The funeral of Rev. E. L. D. Pepper, the death of whom occurred Monday afternoon, was held from the First Methodist church Tuesday afternoon at 3 o'clock, and the presence of a large concourse of sorrowing friends went as an indication of the love and esteem in which deceased was held in this community.

The floral decorations were numerous and fragrant, as well as beautiful, and the handsome casket was literally covered.

Rev. T. J. Nixon, the pastor, conducted the services, and in a most impressive manner eulogized the life and character of the deceased, a man who was loved by all for his good and charitable deeds.

A large number of friends followed the remains to their last resting-place in Evergreen cemetery, where the interment was held. Around the grave was evident a scene of deep sorrow, as the last sad rites were administered to the memory of this noble Christian man.

## Dr. Pepper as a Man.

A good man is the noblest work of God. It can be truly said of Dr. Pepper, as it was written of Barnabas, that "He was a good man, and full of the Holy Ghost and of faith." This goodness was the fruit of the indwelling Spirit of Jesus Christ, the only Savior of men.

Seventy-six years ago, in a Quaker home in the city of Philadelphia, the subject of this sketch was born. In early life he was soundly converted, and united with the Methodist Church. At thirteen years of age he began to preach the gospel, and for fifty-eight years it has been the joy of his life to preach Jesus Christ to his fellow-men. The first work as a preacher was in the state of his native city. There, among the lowly and the outcast, he led many to a better life. He joined the Philadelphia Conference

of the Methodist Episcopal Church, and for thirty-one years labored as a pastor in that conference. Twenty of these years he spent serving various churches in the city of Philadelphia. His work as a pastor was very successful. The churches he served were blessed with gracious revivals of religion, and hundreds of people were converted and added to the church. It was no uncommon thing for more than a hundred people to be converted in one of his revival meetings.

Although never a strong man physically, yet Dr. Pepper was untiring in his labors as a preacher. He often conducted revival meetings for eight and ten weeks at a time, doing most of the preaching himself.

After thirty-one years of successful work in the pastorate, Dr. Pepper was appointed editor of The Christian Standard, a religious journal published for years in Philadelphia, and four years ago removed to Gainesville. For twenty-four years consecutively he has edited the paper with marked ability, and through its columns his influence for good has been felt in every section of this broad land. While he was editor he gave much of his time to evangelistic work, traveling far and near, and preaching at camp-meetings and in churches with great acceptability and success. Some of the most useful preachers in our country today were converted under the ministry of this man of God. Among these we mention Rev. J. H. Smith of Meridian, Miss., and Rev. E. L. Hyde of Philadelphia, both of whom noted for usefulness in winning souls to Christ. Rev. Chas. M. Howell, one of the Church Extension Secretaries of the M. E. Church, was led into the ministry through his wise and godly counsel.

Dr. Pepper has written several religious books that have attained a wide reputation. One of these, "The Holiness Text Book," has reached a circulation of more than thirty thousand copies. For many years he has been a leading teacher of the Bible doctrine of entire sanctification. He not only preached the doctrine but he lived it daily. By a spirit of prayer, by his pure life at home, by his love for the church, by his patience and gentleness, he exemplified the reality of the sanctified life.

Dr. Pepper was married Dec. 1, 1840, to Miss Margaret Whitney of Philadelphia. The lady is now deceased. They had four children, two sons and two daughters. One son, Dr. Wm. M. Pepper, is now in the ministry. The other son, Dr. Wm. M. Pepper, is now in the ministry. The other son, Dr. Wm. M. Pepper, is now in the ministry.

One of the Important Duties of Physicians and  
the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

## TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

## PART SOUTH WILL PLAY IN NEXT DECADE

Extracts From Middendorf, Williams  
& Company's Weekly Letter  
of March 7th.

Now that the force of the present wide-spread depression seems to have spent itself and that matters financial, commercial and industrial are so shaping themselves as to prepare the way for another tremendous leap forward, no question is of more vital interest than that which has to do with the part the South will play in the decade or two of progress and development which must inevitably follow the great crisis of 1907-08, just as the unparalleled prosperity of the decade from 1897 to 1907 followed the trying period from 1893 to 1896. In the decade of unprecedented agricultural business, industrial, railway and other progress, which began after the Presidential inauguration in March, 1907, and ended only with the acute crisis of October, 1907, the South's forward leaps were among the most marvelous achievements of a marvelous time; no section of the country made such phenomenal strides in this period, which saw the end of one century and the beginning of another, and no section of the country has to its credit a more splendid record of accomplishment in so brief a span of years. It may be said for purposes of comparison that half a decade before the old century came to an end, the South was the poorest section of the country—poor in known wealth, poor in recognized resources, poor in manufactures, poor in agricultural production with the prices which then prevailed, poor in railways and other forms of transportation, poor in known mineral resources, poor in everything, we may say, save hope and ideal and lofty purposes; half a decade after the dawn of the new century, a wholly different picture was presented, a new Empire of the South, bulged on the solid, rough-hewn foundation of that old South, the memories of which are still treasured by all, an empire of tremendous wealth and resource, rich in transportation facilities, rich in agricultural products, rich in manufactures, rich in mineral wealth, rich in industry of all kinds, rich in lumber—in a word, a wealthy empire instead of a poverty-stricken group of States. The South today is far more different from the South of fifteen years ago than was the South of that day from the South of 1863, although 30 years had elapsed and one-half that time had elapsed since 1893.

The real problem, therefore, for the South to solve at this time, the problem of first, of overwhelming importance, is to what limits the campaign of anti-corporate hostility which has been pushed vigorously in almost every Southern State for several years, is to be carried. Unquestionably, when growth and development go at such a vigorous pace as was the case in the South during the decade mentioned, evils must of necessity creep in; and it was doubtless a wise procedure to halt and take stock before these evils had gone too far, with a view of weeding them out and clearing the way for further advance along right lines. But, we regret to say, dispassionate hostility to corporate evils soon gave way to dispassionate hostility to corporations themselves, and, in time, dispassionate hostility gave way to passionate hostility and in a number of instances even to wild fury. The millennium has not been reached, nor is there any likelihood of it being reached on this earth at any time in the near future, and if the South hopes to bring about the millennium by its too often arbitrary

## FACTS FOR SICK WOMEN

LYDIA E. PINKHAM

No other medicine has been so successful in relieving the suffering of women or received so many genuine testimonials as has Lydia E. Pinkham's Vegetable Compound.

In every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every one you meet has either been benefited by it, or has friends who have.

In the Pinkham Laboratory at Lynn, Mass., any woman any day may see the files containing over one million one hundred thousand letters from women seeking health, and here are the letters in which they openly state over their own signatures that they were cured by Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Vegetable Compound has saved many women from surgical operations. Lydia E. Pinkham's Vegetable Compound is made from roots and herbs, without drugs, and is wholesome and harmless.

The reason why Lydia E. Pinkham's Vegetable Compound is so successful is because it contains ingredients which act directly upon the feminine organism, restoring it to a healthy normal condition.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

bitrary action in the present anti-corporate campaign, it may awake some day to find that the millennium, which is unreal, has not dawned, and that prosperity, which is real, has flown. It was well enough to attack evils and root them out; it was well enough to proceed against the various wrongs which had crept into railway operations, secret rebates, discriminations, unjust tariffs; but to attempt to dictate to owners of a property exactly how that property shall be operated, to legislate away almost every right which inheres in control, to arbitrarily enforce reductions of revenue at a time when hundreds of millions are needed by the railways of the South for growth and expansion and improvement, is in a way to kill the goose which has left so many golden eggs scattered through the South. It was well enough, as we have said, to search out the evil, but in the vehement and too often blind search, the good was confused with the evil and the whole has suffered.
